From the Director

We encourage children to build their own interests through hands-on activities and project-based learning designed to promote healthy group dynamics and to nurture creativity. We promote the YMCA values of Honesty, Caring, Respect, and Responsibility.

Our preschool program offers kids a safe, wholesome environment that promotes social, physical, and academic development. Parents, meanwhile, get the peace of mind that comes from knowing their children are getting the best possible care.

We exceed the Ohio State licensing standards and we are a 5-star rated program. We accept the responsibility of ensuring the safety of your child. At our program, we believe every child deserves a chance to live, grow, and thrive.

Linda Coffman, Preschool Administrator

FOR SOCIAL RESPONSIBILITY

Nurturing the potential of every

Children are like sponges - they watch and absorb knowledge, skills, and values from everything and everyone around them. At preschool, we believe the values and skills learned early are vital building blocks for quality of life and future success. That's why our preschool programming is so important to us!

Our half-day preschool program meets the needs of children from 3 to 5 years of age. Your child will be provided age-appropriate activities and skills that will challenge and enhance his/her cognitive, language, social, emotional, physical, and creative skills, with a strong emphasis on our Y's 4 key areas: Honesty, Caring, Respect, and Responsibility.

Kindergarten Readiness

Our Kindergarten Readiness Program provides rich and nurturing experiences that are necessary for success in school. Our staff works directly with Mechanicsburg schools to ensure a positive learning environment for our children. They will learn to handle

their personal needs, play well with other children, handle conflict, make good choices, and much more!

Christian Curriculum

Our children participate in a Christian curriculum designed to nurture the spirit in our young children. Through Bible stories, songs and hands-on activities, our children gain knowledge about our God and the world that we live in.

Kids Fitness Program

Health and fitness are important for children to be happy and to learn and grow. Our children at the Y participate in large motor activities everyday through exercise, stretching, balance, coordination, and more!
